

Hugo Freeman

updated April 8, 2025

Research area: Econometric theory

Michigan State University

Department of Economics

486 W Circle Dr, MAH, East Lansing, MI 48824

Email: freem391 {at} msu.edu

Citizenship: Australian and British

Place of stay: Okemos, Michigan

Place of birth: Melbourne, Australia

Family status: Married, two children

Professional Positions

2024 Jan - Present Assistant Professor, Michigan State University

2023 Aug - 2023 Dec Instructor, Michigan State University

2013 - 2016 Data analyst (Digital Alchemy Sydney, Australia)

Education

2018 - 2023 PhD in Economics, University College London

2017 - 2018 Master of Research (distinction) in Economics, University College London

2016 - 2017 Master of Science (distinction) in Economics, University College London

2008 - 2012 BA/MA in Economics, The University of Sydney

Awards and honors

2020 - 2023 CeMMaP PhD Scholar

2019 - 2023 European Research Council studentship

2022 Winner of IAAE Best Student Paper Prize

Publications

1. Hugo Freeman and Martin Weidner. Linear panel regressions with two-way unobserved heterogeneity. *Journal of Econometrics*, 237(1):105498, 2023
2. Iván Fernández-Val, Hugo Freeman, and Martin Weidner. Low-rank approximations of nonseparable panel models. *The Econometrics Journal*, 24(2):C40–C77, 2021

Working papers and Work in Progress

1. Hugo Freeman. Linear multidimensional regression with interactive fixed-effects. *arXiv preprint arXiv:2209.11691*, 2024 (winner of IAAE best student paper prize)
 2. Hugo Freeman and Dennis Kristensen. Inference on linear regressions with two-way unobserved heterogeneity
-

Teaching

Introduction to Econometrics (Undergraduate, MSU): 2024, 2025

Cross Section and Panel Data Econometrics II (Graduate second-year, MSU): 2024, 2025

Big Data Analytics (Teaching assistant, Masters, UCL): 2020, 2021, 2022, 2023

Peer review assignments

Quantitative Economics, Journal of Econometrics, Econometric Reviews, Econometrics Journal, Journal of Business and Economics Statistics, Empirical Economics

Professional Activities

Advising committee

Jingyue Cui

Seminar & Conference Organisation

MSU Econometrics Workshop October 2025 titled “Advances in Treatment Effect Econometrics”

MSU Econometrics Workshop October 2024 titled “Advances in High-Dimensional Inference”

Conferences and seminars

- 2025 International Association of Applied Econometrics, Turin (accepted to present)
- Royal Economic Society meeting, Birmingham (accepted to present)
- Econometric Society World Congress, Seoul (accepted to present)
- 2024 Econometrics Society Australasian Summer Meeting
- Boston College
- Econometric Society Interdisciplinary Frontiers AI/ML conference
- North American Summer Meeting Econometric Society
- Duke University class of 2022-2023 Microeconometrics conference
- 2023 Southern Economics Association annual meeting New Orleans
- Midwest Econometrics Group, Cleveland Fed
- Ohio State University
- Bristol econometrics study group
- Oxford workshop on Encounters in Econometric Theory
- University of Bristol
- University Pompeu Fabra
- Michigan State University
- University of Surrey
- Royal Holloway London
- Erasmus University, Rotterdam
- University of Queensland (online)
- University of Essex
- 2022 Philadelphia Fed Young Scholars Conference on Machine Learning
- European Winter Meeting of the Econometric Society
- Erasmus University Rotterdam International Econometrics PhD Conference
- Midwest Econometrics Group, Michigan State University
- Warwick quantitative solutions & networking series
- Bristol econometrics study group
- IAAE conference (winner of best student paper)
- International panel data conference
- Oxford workshop on panel data with discrete choice data
- 2021 Bristol econometrics study group
- International panel data conference
- 2019 Barcelona graduate school of economics summer school (poster)
